Support for Iran Agreement Increases when Exposed to Details

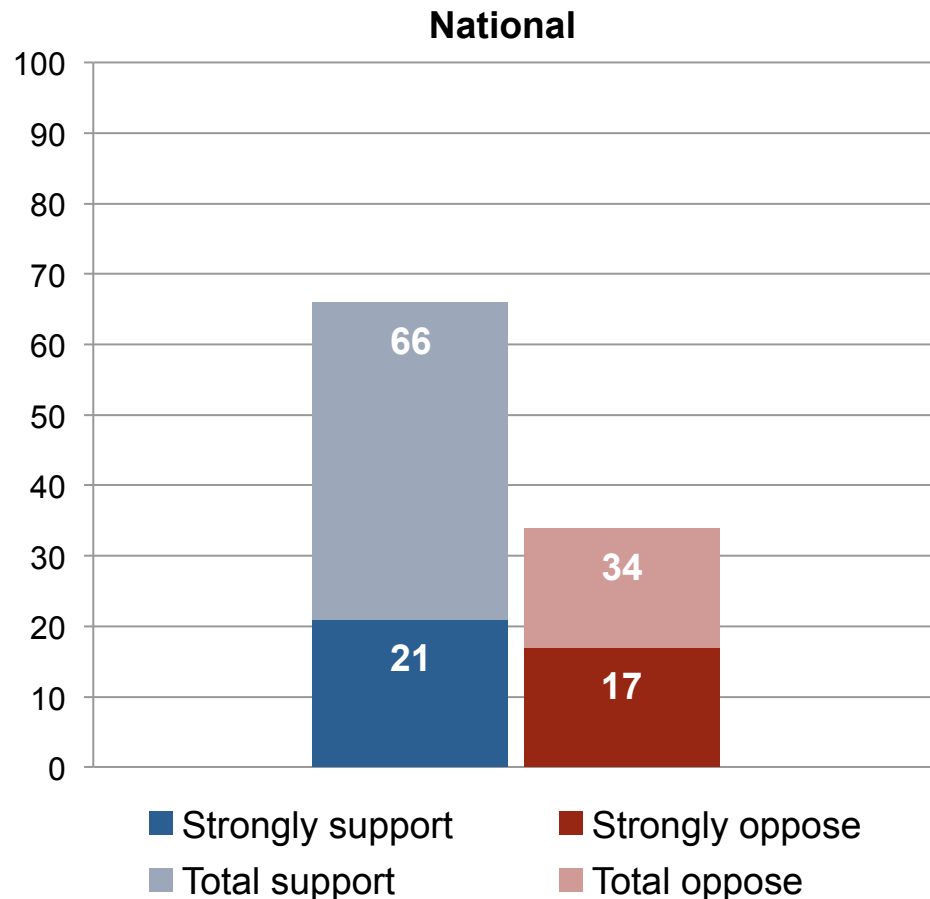

Figure 26

As you may know, the United States reached an agreement last year with Britain, Germany, France, China, Russia, and Iran that places significant limits on Iran's nuclear program to prevent Iran from developing a nuclear weapon in exchange for lifting economic sanctions on Iran.

Details of the agreement include: putting international nuclear experts on the ground to inspect Iran's nuclear facilities, and capping the level at which Iran can enrich uranium to far below what is necessary to make a nuclear weapon. In exchange, Iran receives phased sanctions relief, including the unfreezing of up to \$150 billion in Iranian assets, as it complies with the terms of the agreement.

Majority Support For Comprehensive Peace Agreement

Figure 31

Q As you may know, on a few occasions during the past 11 years, Israeli, Palestinian, and American negotiators came close to reaching a final status peace agreement but ultimately fell short.

The details of that agreement include:

- a demilitarized Palestinian state in the West Bank and Gaza
- internationally recognized borders based on the borders that existed in 1967, with mutually agreed land swaps that allow for most Jewish settlers in the West Bank to be inside Israel while the Palestinians get comparable land areas in return
- Palestinian neighborhoods in Jerusalem become part of the new Palestinian state while Israel retains control of Jewish neighborhoods and the Western Wall in Jerusalem
- international forces to monitor the new Palestinian state and border crossings
- financial compensation for Palestinian refugees while allowing some refugees to return to Israel if they meet specific family reunification criteria and the Israeli government approves

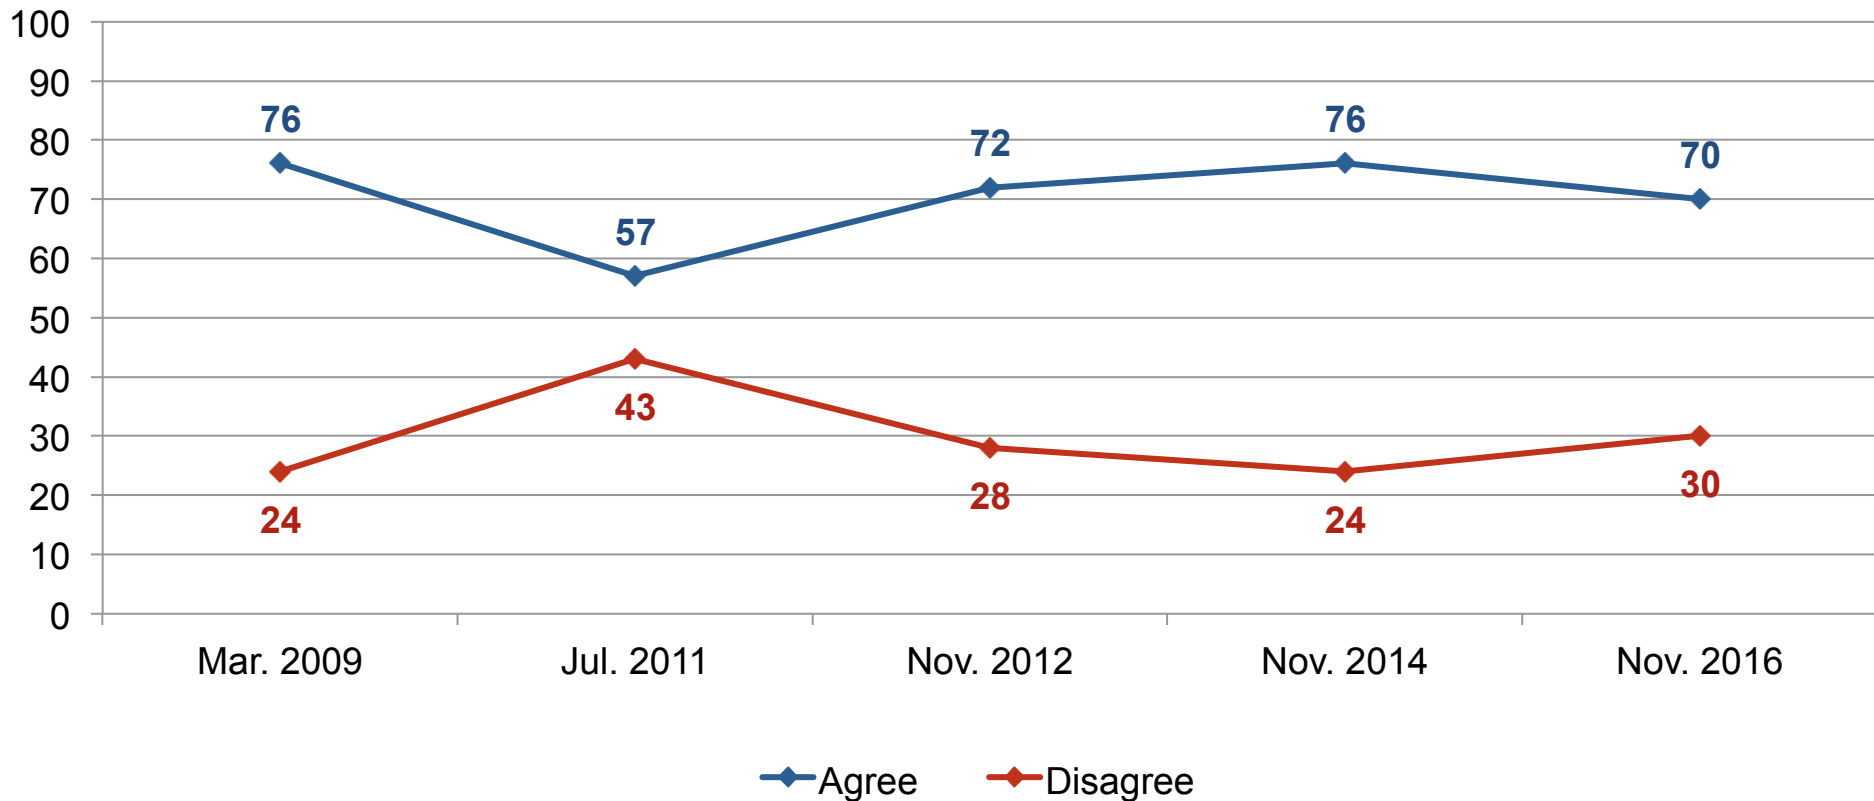

Overall, do you support or oppose such an agreement?

Two-State Solution

Figure 35

Q As you may know, people often refer to a “two-state solution” when discussing the Palestinian-Israeli conflict. A two-state solution means a peace agreement that establishes a Palestinian state in the West Bank and Gaza alongside the State of Israel. Below are some statements about a two-state solution, and for each statement, please mark whether you agree or disagree with that statement.

TWO-STATE: I support a two-state solution that declares an end to the Palestinian-Israeli conflict, resulting in all Arab countries establishing full diplomatic ties with Israel and creating an independent Palestinian state in the West Bank and Gaza.

TWO-STATE/EAST JERUSALEM: I support a two-state solution that declares an end to the Palestinian-Israeli conflict, resulting in all Arab countries establishing full diplomatic ties with Israel and creating an independent Palestinian state in the West Bank and Gaza, with its capital in East Jerusalem.
