

# J Street's Political Reach

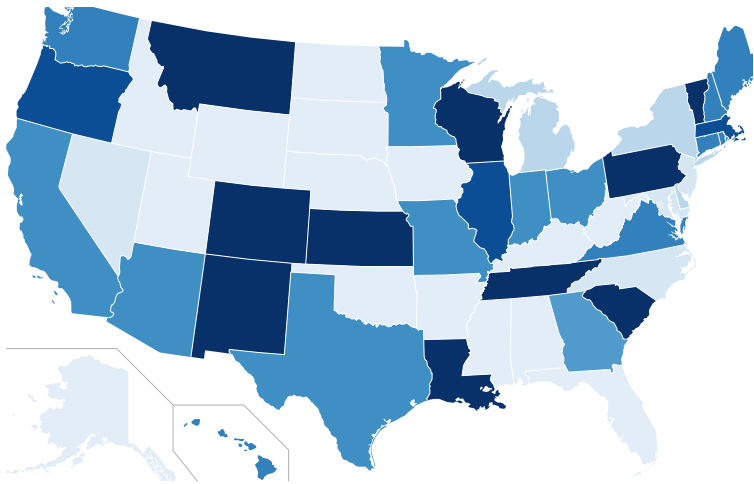

JStreetPAC currently boasts our largest congressional “caucus” ever, bolstered by an unprecedented 19 newly endorsed Members of Congress. **JStreetPAC now endorses 153 Members of Congress, in addition to 22 House and Senate challengers.**

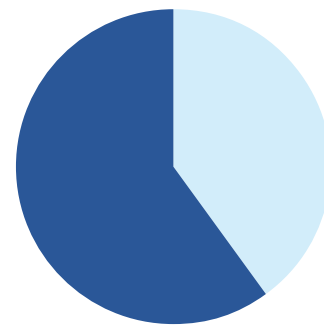

These legislators span the Democratic spectrum and hail from across the nation, from New York to Hawaii, and Montana to Louisiana. What unites them are our shared values: a steadfast commitment to a negotiated solution to the Israeli-Palestinian conflict, sustainable peace and a diplomacy-first approach.

“J Street is, and will remain, the mainstream Democratic voice on Israel and Palestine,” said Tali deGroot, J Street’s National Political Director. “The unprecedented growth of our congressional ‘caucus’ reflects a pivotal shift in American politics. These 19 newly endorsed Members of Congress, representing diverse regions and viewpoints within the Democratic Party, are united in their commitment to a negotiated solution to the Israeli-Palestinian conflict, sustainable peace, and diplomacy-first policies. **Their alignment with JStreetPAC, especially in the face of challenging re-election campaigns, demonstrates that our approach is not only morally sound but politically advantageous.**”
